

ABC Art Club

for Learning & Fun!

183 Rose Street Metuchen NJ Phone: 732-991-1963 email: abcartclub@msn.com

ABC Art Club provides Saturday afternoon art classes. Through the classes, students will learn many different skills and discover their own ability to create, participate and complete works of art. Art practice strengthens a child's problem-solving and critical thinking skills. The club will help students to develop self-confidence, persistence, and a positive work ethic. And most of all, they will have fun!!

The following are samples of projects the students will work on in the classes. They can choose their own projects based on their interests.

Projects will be designed for students to develop their skills and reach their goals.

***Maximum number of students for each class is 10**

Instructor profile

At a young age, living in Japan, I loved cartoon drawing and painting; I created cartoon stories and wanted to be a cartoonist when I “grew up”. When I was a teenager, I developed an interest in the fine arts and began academic art study; such as 3 dimensional drawings, dreaming one day to becoming a famous artist. In college, I studied Art and English literature, exposing me to many different exhibitions and art events. After graduation, I continued to created paintings and illustrations and was featured in various group and solo exhibitions in Tokyo, New York and Europe. Currently, I work as a textile artist and create different patterns and designs for a decorative home fabric company in NYC.

ABC Art Club Instructor
